

**Infectious Diseases Congress 2018**

Global Congress on

# **Bacteriology and Infectious Diseases**

June 25-26, 2018 Amsterdam, Netherlands

Theme: "New Evolutionary Trends &  
Emerging Research World"

# Invitation...

**Dear Colleagues,**

Allied Academies welcomes you to attend **Global Congress on Bacteriology and Infectious Diseases** during **June 25-26, 2018** at **Amsterdam, Netherlands** with the theme "New Evolutionary Trends & Emerging Research World" This international meet (Infectious Diseases Congress 2018) anticipates hundreds of delegates including keynote speakers, Oral presentations by renowned speakers and poster presentations by students besides delegates around the world. This conference perhaps a giant event that creates an ideal platform to share expertise addressing current technologies involved in Bacteriology and Infectious Diseases. It will be a wonderful opportunity for all the delegates as it provides an international networking opportunity to collaborate with the world class Bacteriology and Infectious Diseases associations.

# Conference Sessions

All honorable authors, researchers, scientists and students are encouraged to contribute and help the shape of the conference through submissions of their posters & research abstracts. Also, high quality research contributions describing original and unpublished of conceptual, research oriented, experimental or theoretical work in all areas of Bacteriology and Infectious Diseases are warmly invited for presentations at the conference. The conference memorial contributions of abstracts and posters that address themes & future aspects of the conference related sessions.

## Conference Highlights

- Bacteriology
- Infectious Diseases
- Respiratory Infections
- Fungus Infections
- Virus Infections
- Digestive System Infections
- Bacteroidetes and Firmicutes
- Central Nervous System Infections
- Skin infectious diseases
- Parasites
- Human Papilloma Virus
- T Cell Lymphomatic Virus
- Herpes Virus
- Conjunctivitis
- Clinical bacteriology
- Animal bacteriology
- Medical Bacteriology and Immunology
- Aquatic Bacteriology
- Blood Infectious Diseases
- Emerging illness and infectious Diseases
- Nosocomial infections / hospital-acquired infections
- urinary tract infection (UTI)
- Sexual Transmitted Diseases(HIV/AIDS)
- Neglected Tropical Diseases
- Epidemiology of Infectious Diseases

# Program at glance

## Day 1/ June 25, 2018

Time	Session
09:00 - 10:00	Keynote/Plenary Talk no: 2
10:00 - 10:15	Coffee/Tea Break
10:15 - 13:00	Sessions
13:00 - 13:30	Lunch Break
13:30 - 15:30	Sessions
15:30 - 15:45	Coffee/Tea Break
15:45 - 17:30	Sessions

## Day 2/ June 26, 2018

Time	Session
09:00 - 10:00	Keynote/P lenary Talk no: 2
10:00 - 10:15	Coffee/Tea Break
10:15 - 13:00	Sessions
13:00 - 13:30	Lunch Break
13:30 - 15:30	Sessions
15:30 - 15:45	Coffee/Tea Break
15:45 - 17:30	Sessions

## Unique features of Infectious Diseases Congress 2018

- The Career Guidance Workshops to the Graduates, Doctorates and Post-Doctoral Fellows
- Accepted Abstracts will be published in the respective journals and will be labelled with a Digital Object Identification Number (DOI) provided by Cross Ref (Free abstract publishing).
- Lifetime Speaker and Abstract pages created and indexed in Google on your name, would get worldwide acknowledgment to your profile and Research.
- Group of attendees from the same lab/institute/university (or) anyone who wish to attend the conference will be eligible for discounts.
- For Students Best Poster and Young Researcher Award.

## Youth Forum

**Young Researchers can also participate in this elite conference**

### **Eligibility**

Young Investigators (e.g. Post-Graduate students, Post-doctoral fellows, Trainees, Junior faculty) are the focus of this event.

**Participants should be below the age of 33 years.**

Opportunity for young researchers to learn about the research areas of their peers to increase their capacity as multidisciplinary researchers

### **Benefits**

The forum will provide an opportunity for collegial interaction with other speakers and established celebrative across the globe.

**Young Researcher Award will be given to the best presentation by the organizing committee member.**

### **Speaker's PPT**

You may submit your presentation to any of our onsite organizers on the day of your talk. If your presentation is not compatible with our laptops, then you may also use your own laptop.

## Poster Guidelines:

- This competition is open to all students (Graduates, Post Graduates and Research Scholars not above the age of 35).
- The abstract submission deadline for poster competition will be closed one month before the conference date (this is subject to change), hence all are requested to submit their abstracts well in advance.
- The abstract should include complete details of the contestant (e.g., abstract title, name, affiliation, abstract and biography etc). For sample template, please.
- Abstracts have to be submitted through online or by email. Shortlisted abstracts for the competition will be intimated through email and those will be displayed on the website as well.

# Ivenue

Amsterdam, the capital of the Kingdom of the Netherlands, is one of the most popular tourist destinations in Europe. Amsterdam has a population of 851,373 within the city proper, 1,351,587 in the urban area, and 2,410,960 in the Amsterdam metropolitan area. The city is located in the province of North Holland in the west of the country but is not its capital, which is Haarlem. The metropolitan area comprises much of the northern part of the Randstad, one of the larger conurbations in Europe, with a population of approximately 7 million. Amsterdam's name derives from Amstelredamme, indicative of the city's origin around a dam in the river Amstel. Originating as a small fishing village in the late 12th century, Amsterdam became one of the most important ports in the world during the Dutch Golden Age (17th century), a result of its innovative developments in trade. During that time, the city was the leading centre for finance and diamonds. In the 19th and 20th centuries the city expanded, and many new neighbourhoods and suburbs were planned and built. With its universities, academies, and research institutes, along with more than 40 museums, numerous theaters, and entertainment venues, Amsterdam is the country's leading cultural center. In addition, the city is famous for its historic homes, laid out in a pattern of concentric segments in the shape of a fan and built on piles driven through an upper layer of mud into the firm, sandy bottom up to 18 meters below. All told, some 6,750 buildings dating from the 16th to 18th centuries are crowded into an area of 2,000 acres, dissected by 160 canals (grachten), themselves home to numerous houseboats. Many picturesque bridges link the city's 90 islands, eight of them old wooden bascule bridges, including the Magere Brug (Mager Bridge),
